

Dear Neighbor,

The person I care for has dementia and is at risk of wandering. I would truly appreciate your help in keeping a watchful eye on them whenever you're outdoors. If, by any chance, you happen to notice them away from our home, could you please get in touch with me right away? If you cannot reach me, please call 911 and inform them that you found a person with dementia away from their home.

Your support in this matter would mean the world to me. Thank you so much for your kindness and understanding.
